FINANCIAL AID EXAMINER

DISTINGUISHING FEATURES OF THE CLASS: This is responsible work for the management and administration of the organization's Financial Aid Program. The work involves responsibility for assisting students in applying for and obtaining student financial aid through Federal or State Government financial grant programs or scholarships. The work includes reviewing applications for completeness and accuracy, advising students on what type of grants are available, and the appropriate forms and financial documentation needed to apply for each type. The work also involves responsibility for verifying academic status of applicants eligible for financial aid, and verifying or validating information provided by students and their parents depending on the requirements of each program. The work involves directing the Wide-Area-Network Computer Programs pertaining to financial aid and updating the system. Work is performed under general supervision with leeway allowed for the exercise of independent judgment in advising and assisting students in procedures, completing their applications, and in securing required documentation in a thorough and efficient manner. Work is reviewed through conferences and oral reports. The incumbent does related work as required.
